ORDER

New Delhi, the 28th February, 1992

S.O. 875.—M/s. Abbott Laboratories (India) Ltd., 3293, GIDC Industrial Area, Ankleshwar-393002 (Gujarat) were granted an import licence No. P/D/2304456, dated 4-2-1992 for Rs. 38,01,200 (Rupees Thirty eight lakhs one thousand and two hundred only) for import of 2 MT. of Erythromycin Thiocyanate (THIOG) under G.C.A.

The firm has applied for issue of Duplicate copy of above mentioned licence on the ground that the original licence has been lost or misplaced. It has further been stated that the licence was not registered with any Customs Authority and as such the value of Customs purpose copy has not been utilised at all.

2. In support of their contention, the licensee has filed an affidavit on stamped paper duly sworn in before a Notary Public, Bombay. I am accordingly satisfied that the original import licence No. P/D/2304456, dated 4-2-1992 has been lost or misplaced by the firm, in exercise of the powers conferred under sub-clause 9(cc) of the Import (Control) Order, 1955 dated 7-12-1955 as amended the said licence No. P/D/2304456, dated 4-2-1992 issued to M/s. Abbott Laboratories, (India) Ltd., 3203, GIDC Industrial Area, Ankleshwar-393002 (Gujarat) is hereby cancelled.

3. A duplicate licence is being issued to the party separately.

[स. आर. 31015/1/92-ओ.प्रा. 1]

कुलदीप सिंह, प्रबन्ध सचिव

New Delhi, the 5th March, 1992

S.O. 895.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of petroleum from Kandla in the State of Gujarat to Bhatinda in the State of Punjab, via Rajasthan and Haryana, pipeline should be laid by Indian Oil Corporation Limited;

And whereas it appears that for the purpose of laying such pipeline it is necessary to acquire the right of user in the land described in the Schedule annexed to this notification;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 3 of the Petroleum and Minerals Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein.

Any person interested in the land described in the said Schedule may within 21 days from the date on which the copies of this notification, as published in the Gazette of India, are made available to the general public, object in writing to the acquisition of the right of user therein or laying of the pipeline under the land to Shri R. P. Kaushik, Tehsildar and Competent Authority, Indian Oil Corporation Ltd., Kandla-Bhatinda Pipeline Project, 1158, Sector-13, Urban Estate, Karnal, Haryana.

[No. R-31015/1/92-O.R.-I]

KULDIP SINGH, Under Secy

नई विल्सी, 5 मार्च, 1992

का. प्रा. 896.—केन्द्रीय सरकार को यह प्रतीत होता है कि लोक-हित में ऐसा आवश्यक है कि गुजरात राज्य में कांडला से पंजाब राज्य में भटिडा तक राजस्थान और हरियाणा से होकर पेट्रोलियम के परिवहन के लिए इंडियन आयल कारपोरेशन लिमिटेड द्वारा पाइपलाइन बिल्डर्स जारी;

और ऐसा प्रतीत होता है कि उक्त पाइपलाइन विल्डर्स के प्रयोगन के लिए इस अधिसूचना से उपबद्ध भनुमूर्ति में वर्णित भूमि में प्रयोग के अधिकार का अर्जन करना आवश्यक है;

अतः अब, केन्द्रीय सरकार, पेट्रोलियम और खनिज पाइपलाइन (भूमि में उपयोग के अधिकार का अर्जन) अधिनियम, 1962 (1962 का 50) की धारा 3 की उप धारा 1 द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए, उनमें उपयोग का अधिकार का अर्जन करने के मामले की ओरपण करती है;

उक्त अनुमूल्य में वर्णित भूमि में हिन्दूबद्ध कोई व्यक्ति राजपत्र में यथा प्रकाशित इस अधिसूचना की प्रतिया साधारण जनता को उपलब्ध करा दिए जाने की तारीख से 21 दिन के भीतर, उनमें उपयोग के अधिकार का अर्जन या भूमि के नीचे पाइपलाइन विल्डर्स के संबंध में आपत्ति नियम रूप में श्री शार. पी. कौरिक, तहसीलदार और सक्षम प्राधिकारी, इंडियन आयल कारपोरेशन लिमिटेड, कांडला भटिडा पाइपलाइन परियोजना, 1158, सेक्टर-13, मर्वन एस्टेट, करनाल (हरियाणा) को कर सकेगा।

[सं. भार-31015/1/92-ओ.भार.-I]
कुलशील सिंह, अवार सचिव

New Delhi, the 5th March, 1992.

S.O. 896.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of petroleum from Kandla in the State of Gujarat to Bhatinda in the State of Punjab, via Rajasthan and Haryana, pipeline should be laid by Indian Oil Corporation Limited;

And whereas it appears that for the purpose of laying such pipeline it is necessary to acquire the right of user in the land described in the Schedule annexed to this notification;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 3 of the Petroleum and Minerals Pipelines (Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein.

Any person interested in the land described in the said Schedule may within 21 days from the date on which the

copies of this notification, as published in the Gazette of India, are made available to the general public, object in writing to the acquisition of the right of user therein or laying of the pipeline under the land to Shri R. P. Kaushik, Tehsildar and Competent Authority, Indian Oil Corporation Ltd., Kandla-Bhatinda Pipeline Project, 1158, Sector-13, Urban Estate, Karnal, Haryana.

Shri R. Rajan Pillai and Shri P. G. Isaac, Advocates,
for Party No. 2.

AWARD

This is a reference directed by the Central Government under Clause (d) of Sub-Section (1) and Sub-Section 2(A) of Section 10 of the Industrial Disputes Act, 1947 (hereinafter referred to as the "Act") for adjudication of a dispute between the parties and to decide whether party No. 2 is a "workman" within the meaning of Section 2(a) of the Act? If yes, whether the dismissal of party No. 2 by party No. 1 is justified, and if not, what relief the party No. 2 is entitled to?

2. The facts giving rise to the instant reference in nutshell are that party No. 2 was appointed by the party No. 1 on the post of Project Executive on 29-6-1978. Subsequently he was posted as a Mechanical Engineer at Pohara Sillimanto Mines in Bhandara District by order dated 15-11-1984. By an order dated 21-5-1987 party No. 2 came to be dismissed from service as a consequence of disciplinary action. Party No. 2 preferred an appeal against the order of dismissal to party No. 1. Vide order dated 23-6-1988 the party No. 1 modified the order of dismissal to the order of removal from service. It is in this context that the appropriate Government has made a reference before this Tribunal for adjudication of the dispute referred above.

3. The party No. 1 has filed its written statement placed on record at Exh. 9 and has resisted the reference. The preliminary point raised by the party No. 1 in its written statement is that the party No. 2 is not a "workman". In the instant reference also an issue has been referred for adjudication, whether party No. 2 is a workman within the meaning of Section 2(s) of the Act. This issue goes deep into the roots of the case, therefore, this issue has been taken up as preliminary issue and is being decided accordingly.

ISSUE: Whether party No. 2 is a "workman" within the meaning of Section 2(s) of the Act?

My finding on the above issue is in the negative for the following reasons.

REASONS

4. The definition of "workman" in Section 2(s) of Act, includes inter alia an employee employed as a Supervisor. There are only two circumstances in which such a person ceases to be a workman; (1) when he draws wages in excess of one thousand six hundred rupees per month and (2) the principal duty is of supervisory nature and the manual work done by him personally is only incidental. The learned counsel for both the parties have cited more than one authorities of the Supreme Court which ultimately lay down a common law that an employee employed as a Supervisor ceases to be a workman when he draws wages in excess of one thousand six hundred rupees per month and the principal duty is of supervisory nature and the manual work done by

him personally is only incidental. In the instant case, it is an admitted fact that the salary of the party No. 2 is more than Rs. 1600. The party No. 1 has, therefore, proved one of the limbs that party No. 2 ceases to be a workman as his salary is more than Rs. 1600 per month. The learned counsel for the party No. 1 submitted that there is ample material on record to show that the principal duty of party No. 2 is of supervisory nature and the manual work done by him personally is only incidental. The learned counsel for the party No. 1 drew my attention to the evidence of party No. 2 wherein the party No. 2 has admitted in his cross-examination that his duties and responsibilities are as per letter dated 3-1-1985. The letter dated 3-1-1985 is marked Exh. 13. On plain reading of Exh. 13 one can say that the principal duties of the party No. 2 are of supervisory nature and the manual work done by him personally is only incidental. Party No. 2 was responsible for the proper installation, maintenance and safe working of such machinery. His duty was only to remain present during every trial of the machine when newly installed or shifted to another place. Party No. 2 is allotted duty to personally inspect and test every machine and vehicle paying special attention but this duty is entrusted to him only as an Expert and not as a workman. From the duties and responsibilities allotted to the Mechanical Engineer by the party No. 1, as laid down in Exh. 13, I have no hesitation in holding that party No. 2 is not a "workman" as defined in Section 2(s) of the Act, though incidentally he is doing some manual work also. I hold that party No. 1 has proved that party No. 2 is not a workman and I answer to the above issue in the negative. Since the party No. 2 is not a "workman" the reference is not maintainable and deserves to be dismissed. I pass an Award accordingly.

AWARD : The reference is rejected.

APPEARANCES :

For Workman.—Shri P. K. Sharma.

For Management.—Shri B. S. Gahlot, Officer.

INDUSTRY : Banking. DISTRICT : Narsinghpur (MP).

AWARD

Dated : February, 3rd 1992

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No. L-12011/8/90-IR(B-2)/IR(B-III) dated 8-5-90, for adjudication of the following dispute :—

“Whether the action of the management of Mahakaushal Kshetriya Gramin Bank, Narsinghpur (M.P.) in terminating the services of Ku. Kanta Pali, Ex-Typist/Clerk w.e.f. 16-10-88 is justified? If not, to what relief the workman concerned is entitled?”

2. Facts leading to this case are that the workman was employed as Hindi Typist/Clerk at the Head Office of the management on 24-2-1987. It has also not been questioned that the services of the workman were terminated with effect from 16-10-1988 without prior notice or retrenchment compensation as required by Sec. 25-F of the I.D. Act.

3. The workman says that she had completed 240 days continuous service as defined under Sec. 25-B of the I.D. Act and her termination of service without complying the provisions of Sec. 25-F of the I.D. Act is void ab initio. That apart, the management made fresh appointments in violation of the Rule laid down under Sec. 25-H of the I.D. Act. The workman is therefore entitled to be reinstated with full back wages and ancillary benefits with costs of these proceedings.

4. The management did not specifically deny that the workman had worked for a period from 24-2-1987 to 16-10-1988 as Hindi Typist with the management. It says that the workman was engaged during the year 1987-88 on daily wage basis for a temporary period. Since she was employed for a specified period, she was not engaged against any clear vacancy.

5. Since December, 1985 no Bank can recruit any clerical staff directly to their own. The workman was never prohibited by the Bank from appearing in the recruitment test. If she had so appeared she might not have succeeded. She was never engaged against any permanent vacancy. No person was employed after the termination of her service on regular post. Thus the claim is liable to be rejected.

6. No documentary evidence was led by either of the parties. The workman has filed her affidavit who was cross-examined by the management.

7. From the uncontroversial facts as also from the affidavit it is established that this is a case of retrenchment simplicitor in violation of Sec. 25-F of the I.D. Act. That apart, the management could not deny that 9 persons as named in the affidavit were employed against the same post after her retrenchment.

8. Thus there is violation of S. 25-F of the I.D. Act as also S. 25-H of the Act. Obviously the workman has completed more than 240 days continuous service as defined under Sec. 25-B of the I.D. Act.

9. There is no written order to show that the services of the workman were for a particular or specified period. Whether she was a daily rated employee or otherwise it does not matter.

10. The order of her termination is, therefore, void ab initio and is liable to be and is hereby quashed. The workman is entitled to be reinstated with all back wages and consequential benefits. Reference is answered accordingly as follows :—

The action of the management of Mahakaushal Kshetriya Gramin Bank, Narsinghpur (M.P.) in terminating the services of Ku. Kanta Pali, Ex-Typist/Clerk w.e.f. 16-10-1988 is not justified. She is entitled to be reinstated with all back wages and consequential benefits. No costs.

AWARD

The Government of India in the Ministry of Labour in exercise of the powers conferred on them by clause (d) of sub-section (1) and sub-section (2A) of Section 10 of the Industrial Disputes Act, 1947, has referred the following dispute to this Tribunal vide Ministry's Order No. L-12012/340/90-IR-B(II) dated the 14th January, 1991.

SCHEDULE

“Whether the action of the management of United Bank of India, Regional Office, Burdwan Region, City Centre, Durgapur in issuing notice under section 9-A to reduce the salary of Sh. Khurshid, Permanent part-time sweeper of Burdwan Medical College Extension counter is justified? If not to what relief is the concerned workman entitled?”

2. This Reference was received from the Ministry on 22-1-91. On 14-6-91 the union filed written statement. On 30-7-91 the management filed its rejoinder. After several adjournments the case was fixed on 4-2-92 for hearing of the case on maintainability point. On 4-2-92 the union did not appear. So the case was adjourned to 12-2-92 (to-day) for further orders as the union did not take any step.

3. To-day (12-2-92) Sri Ajit Sengupta, the learned Junior Advocate, for the management has appeared. But none appears for the union. No step is taken. It appears to me that the union is no longer interested to proceed with the case. So I have no other alternative but to pass a no-

dispute award in this case and accordingly a 'no-dispute' award is passed.

This dispute coming on this day for final hearing in the presence of Thiru R. Arumugam for Thiruvalargal Alyar and Dolia. Advocates appearing for the workmen and of Thiru N. G. R. Prasad, Advocate for the Management upon perusing the reference, claim and counter statements and other connected papers on record and the counsel for the Management having filed a memo for not pressing the dispute, this Tribunal passed the following.

AWARD

This dispute between the workmen and the management of Indian Overseas Bank, Madras arises out of a reference under section 10(1)(d) of the Industrial Disputes Act, 1947 by the Government of India in its Order No. L-12012/64/

79-D.II.A, dated 7-10-1980 of the Ministry of Labour, for adjudication of the following issue :—

"Whether the action of the management of Indian Overseas Bank, Madras in denying Special Allowance to its employees for attending to Clearing House duties on the ground that it does not involve supervision, is justified ? If not, to what relief are the workmen concerned entitled ?"

2. Parties were served with summons.

3. Petitioner-Union filed its claim statement on 13-12-80 putting forth the claim of the workmen. In repudiation thereof, the Respondent-Management filed their counter statement on 2-1-1981.

4. After several adjournments, when the dispute was taken up today for enquiry, the counsel for the Management filed a memo enclosing copy of the reference and notice to the parties from National Tribunal, praying that as this dispute was referred to the National Tribunal, Bombay, this dispute may be disposed of accordingly.

5. Respondent's memo reveals that Industrial Dispute on the same questions has been raised before the National Tribunal, Bombay. The memo and copy of summons and reference prove the fact. Hence Industrial Dispute is dismissed as not maintainable.

AWARD

By Order No. L-20012/298/90-I.R. (Coal-I), dated, the 5th October, 1990, the Central Government in the Ministry of Labour, has, in exercise of the powers conferred by clause (a) of sub-section (1) and sub-section (2-A) of section 10 of the Industrial Disputes Act, 1947, referred the following dispute for adjudication to this Tribunal :—

"Whether the action of the management of M/s. TISCO Ltd., P.O. Jamadoba, Dt. Dhanbad in dismissing Shri Harilal Gope, Driver is justified? If not to what relief the workman is entitled?"

2. The case of the management of M/s. TISCO, Jamadoba, as disclosed in the written statement-cum-rejoinder, details apart, is as follows :

The present reference is not legally maintainable Harilal Gope, the concerned workman was a Driver of the management. He made serious misconduct of riotous and indecent behaviour by abusing a co-worker and his superior simultaneously holding out threats to them during the duty hours within the premises and precincts of the Central Garage on 17-9-87 during 12.15 P.M. to 12.30 P.M. A chargesheet was issued to him arraigning him on the charge of commission of misconduct under clause 19(5) of the Certified Standing Orders of the management. The concerned workman submitted his reply denying the allegations levelled against him. He took the plea that he was a mental patient and whatever he did was in an abnormal condition of mind. The management decided to hold domestic enquiry and in the process appointed Sri V. K. Pandey, Personnel Officer, as Enquiry Officer and Sri R. S. Singh, the Ag. Agent of Jamadoba Group as management's representative. The concerned workman participated in the domestic enquiry and the Enquiry Officer permitted him to be represented in the enquiry by Indra Bahadur, his co-worker and T. K. Dutta, Asstt. Secretary of his union, Rashtriya Colliery Mazdoor Sangh as observer. The enquiry was conducted in presence of the concerned workman alongwith his co-worker and observer. The domestic enquiry was held in conformance to the Principles of natural justice. The Enquiry Officer submitted his enquiry report holding the concerned workman guilty of the misconduct charged against him to the Director of Collieries, and the Director of Collieries (I) perused all relevant papers and approved dismissal of the concerned workman. Thereafter he was dismissed from service by letter dated 8/18th April, 1989 with effect from 21-4-89. It is submitted that the action of the management in dismissing the concerned workman is legal, bonafide and justified.

3. The case of the concerned workman, as appearing from the written statement submitted on his behalf by the sponsoring union, Bihar Colliery Kamgar Union, briefly stated, is as follows :

The concerned workman had been working as permanent Driver since long with unblemished record of service. He was an active member of Bihar Colliery Kamgar Union and the M/s. TISCO management is very much averse to a representative of such union in view of their adjustment and sweet relation with the puppet union. As soon as the management came to know of the allegiance of the concerned workman to a union not favoured by it, it took an adamant stand and issued a false and frivolous chargesheet to him on the ground of abusing Rajendra Pandey, Driver and R. S. Singh, Manager of Jamadoba colliery. He replied to the chargesheet denying the charges emphatically. The allegation in the chargesheet, *prima facie*, does not disclose that there was mens-reas for committing the alleged offence. The chargesheet also does not show that allegations constitute a misconduct. The concerned workman was suffering from mental disease and he was under the treatment of doctor which was also known to the management. As a matter of fact the allegation levelled against the concerned workman was made with pre-determined motive to remove him from service. Although the explanation submitted by him was satisfactory, the management instituted an invalid and irregular enquiry. The Enquiry Officer was biased and prejudiced against him. Even in the invalid and irregular enquiry he was not afforded full opportunity to cross-examine the management's witnesses or to adduce evidence in his defence. The Enquiry Officer himself took the pain in searching management's witnesses and those witnesses were

examined as independent witnesses. Anyway, the charge against him was not proved in the invalid and irregular enquiry. The enquiry was conducted in violation of the principles of natural justice. He vehemently protested against the illegal and arbitrary manner of enquiry, but the Enquiry Officer did not pay any heed to him. The management dismissed him from service with effect from 21-4-89 on the basis of illegal and arbitrary enquiry. He represented his case several times before the management, but without any effect. Seeing no other alternative, the union raised an industrial dispute before the Asstt. Labour Commissioner (C), Dhanbad. The conciliation proceeding ended in failure due to adamant attitude of the management. The appropriate Government has been pleased to refer the dispute for adjudication by this Tribunal. The action of the management in dismissing him from service is illegal, arbitrary, unjustified and against the principles of natural justice. He has been victimised for his trade union affiliation. In the circumstances, the concerned workman has prayed that the reference be answered in his favour and the management be directed to reinstate him in service with full back wages.

4. In rejoinder to the written statement of the sponsoring union, the management has disclosed that the concerned workman was appointed as Creeper Khalasi and later he was working as Car Driver and was confirmed as Car Driver from 1-4-70. He continued as Car Vehicle Driver till his dismissal from service. The management has denied that the concerned workman was an active member of the sponsoring union and that the sponsoring union is the representative union of the workmen and that the management is averse to the sponsoring union. In fact, the concerned workman was a member of Rashtriya Colliery Mazdoor Sangh till the date of his dismissal from service and he applied for permitting the Asstt. Secretary of his union, Rashtriya Colliery Mazdoor Sangh to represent him in the domestic enquiry as his observer. The management has asserted that the question of mens-reas does not arise in the case where a Driver of a Car threatens officers or co-workers and misbehaves with the person while driving his vehicle. He was declared to be medically fit to work as Car Driver. If he was a man of unsound mind, he was not entitled to hold valid driving licence and would have been removed from service because of his unsuitability for the job. The management has asserted that the domestic enquiry was held in conformance to the principles of natural justice. The Enquiry Officer exercised his jurisdiction to examine Rajendra Pandey, a person named in the chargesheet as independent witness as because neither the management's representative nor the chargesheeted workman examined him as witness. The Enquiry Officer was performing a quasi judicial function and it was his duty to find out the truth without fear or favour from any party. It has been asserted that the charge levelled against him was duly established in the domestic enquiry and the enquiry was held fairly and properly and in accordance with the principles of natural justice.

5. In rejoinder to the written statement of the management, the sponsoring union has asserted that it is absolutely false to allege that the concerned workman had committed serious misconduct of riotous and indecent behaviour by abusing a co-worker and his superior. It has been retorted that the domestic enquiry was not held in conformance to the principles of natural justice and the concerned workman was dismissed from service illegally and arbitrarily.

6. At the instance of the management the propriety and fairness of the domestic enquiry was considered as preliminary issue. In the course of hearing on preliminary issue the management examined the Enquiry Officer and laid in evidence a sheet of documents which have been marked Exts. M-1 to M-6.

On the other hand, the concerned workman did not examine himself nor did he adduce any documentary evidence.

At the time of hearing argument of Shri D. Mukherjee, authorised representative of the sponsoring union, conceded that the domestic enquiry was held fairly and properly. The materials on record also indicate that the domestic enquiry was held fairly and properly. Accordingly, it was held that the domestic enquiry was held fairly and properly and thereafter the case was heard on merits.

7. The concerned workman was, admittedly, working as Driver when he was dismissed from service. According to the management, he committed a serious misconduct of riotous and indecent behaviour by abusing a co-worker and his superior officer simultaneously by holding out threats to them during duty hours within the premises and precincts of the Central Garage on 17-9-87 between 12.15 P.M. to 12.30 P.M. and accordingly a chargesheet dated 24-9-87 was issued to him for commission of misconduct of riotous and indecent behaviour under clause 19(5) of the Certified Standing Orders of the management. It has been alleged by the sponsoring union that the management issued the chargesheet to the concerned workman for his allegiance to Bihar Colliery Kamgar Union, a union not favoured by the management. There is no vestige of evidence on record to indicate that the management was apathetic to the members of this union or that the concerned workman was a member of this union at the time when chargesheet was issued to him.

On the other hand, the evidence on record discloses that he sought the assistance of the Asstt. Secretary of Rashtriya Colliery Mazdoor Sangh to represent him in the domestic enquiry as observer which was allowed by the Enquiry Officer.

8. Anyway, the following chargesheet was issued to the concerned workman by the Director of Collieries (Ext. M-1):

"On 17-9-1987 you were in 'A' shift duty i.e. from 8.00 A.M. to 4.00 P.M. and were engaged in Van bearing Registration No. BPR 8901 for taking the Officer of BHEL from their residence to 10 MW Power Plant. On the said date at about 12.15 P.M. after leaving the officers of BHEL at 10 MW Power Plant, you parked the van in the middle of the road in the vicinity of Central Workshop Main Gate, thereby the entire traffic movement came to haulst as the road was blocked.

Thereafter Sri Rajender Pandey, Driver of Central Garage, who was driving dumper bearing Registration No. BHG 2506, stopped the vehicle just behind your van and requested you to park the van at the side of the main road, so that he could cross the road and take his dumper to Central Garage. But you got annoyed and shouted on top of your voice and started abusing stating "SALA MADAR CHOD TUM BAHAR AAVO OUR GADI KO DHAKKA DO", in presence of Sri K. C. Dutta, Engineer, C/Garage. You also opened the door and tried to pull Sri Pandey out of the dumper though the engine was in running position. You continued using unparliamentary words.

Had the dumper driver, Sri Rajender Pandey, not been alert, he could have fallen on the ground and sustained injury.

Thereafter at about 12.30 P.M. you left the place and forcibly entered the Workshop Main Gate, where Sri R. S. Singh, Manager, Jamadoba Colliery was making phone call to Dr. U. S. Prasad, Medical Officer, Jamadoba Dispensary. You abused Sri R. S. Singh in presence of the crowd consisting of about 80 persons, who had assembled seeing you behaving in the aforesaid manner and stated "SALO MADAR CHOD TUM HAMARA MEDICAL KARAOGE, TUM HAMARA JHANT NAHIN UKHAR LOGE"

You are hereby charged for riotous and indecent behaviour.

You are allowed 72 hours from the date of receipt hereof to give your explanation.

Any representation that you may make in this connection will be taken into consideration before passing orders."

The concerned workman submitted his reply to the chargesheet denying the charges. His reply dated 24-10-87 to the chargesheet (Ext. M-2) is gleaned hereinbelow:

"That, the charge of misconduct brought against me under clause 19(5) of the certified standing order is not correct. Charges as mentioned in details in the 1st and 2nd paragraph of page No. one and also

the last paragraph of chargesheet are strongly refuted and denied by me.

That, I have to state that clause 19(5) of the certified standing order is not legally maintainable as the ingredients of misconduct are totally absent and not covered.

That, this was within the knowledge of the management that I was suffering from mental illness and was under the treatment of the specialist first as an out door patient but when my condition aggravated my family member got me admitted in Ranchi Mansik Arogyasala Kanke, where I got the services of a medical expert. When I was fully cured after treatment I was discharged from the Hospital with a fit certificate for performance of my original job and preferably any other light alternative job.

That, I have been given medical advice and instructions to continue treatment with medical check-up after every three months. That I was a helpless victim of circumstances and I am not aware of what happened during such abnormal condition. That the contents of the charge-sheet reveal that my helpless condition was exploited by keeping readymade witness for victimising me.

That, I categorically deny the charges that I have acted in an indecent manner and use of abusive language as mentioned in the charge-sheet.

That, attempt is being made to victimise me as myself being innocent is being made scape goat amounting to victimisation.

In the end all charges are denied and request the management, not to victimise, file the chargesheet and I should be allowed to resume my duty forthwith."

9. It appears that Vinoy Pandey, Personnel Officer, C.P.M. (J)'s office, Jamadoba, was appointed Enquiry Officer for holding the domestic enquiry into the charges levelled against the concerned workman. Shri Pandey, while deposing as MW-1 in the course of hearing on preliminary issue, has stated that the chargesheet was issued against the concerned workman on the basis of a complaint lodged by Sri R. S. Singh, Manager of Jamadoba colliery. Shri Pandey had no occasion to go through the complaint in domestic enquiry as it was not produced before him. It also appears that R. S. Singh has performed three-fold function as complainant, as management's representative in domestic enquiry and also as a witness. He seems to have piloted the entire proceeding against the concerned workman on behalf of the management. Anyway, since the complaint made by Sri Singh has not been produced, it could not be ascertained as to whether the chargesheet was issued in conformity with the complaint. The complaint seems to be the bed rock of the case of the management against the concerned workman. But that has not been produced and no explanation has been provided with regard to non-production of this document.

Anyway, it appears that the chargesheet was issued on 24-9-87 while occurrence took place on 17-9-87—a space of one week after the occurrence. The management has not provided any reason or explanation for the space of time taken to finalise the matter of chargesheet.

10. The chargesheet discloses that the concerned workman indulged in commission of misconduct of riotous and indecent behaviour comprehended under clause 19(5) of the certified Standing Orders of the establishment in two stages—during the first stage he having committed riotous and indecent behaviour by abusing Rajender Pandey, Driver of Central garage in filthy language in presence of Sri K. C. Dutta, Engineer, Central Garage and by trying to pull him out of the dumper at about 12.15 P.M. and during second stage by abusing Sri R. S. Singh, Manager of Jamadoba Colliery, in filthy language in presence of crowd consisting of about 80 persons.

11. The Enquiry Officer recorded the statements of S/Shri R. S. Singh, Anil Kumar, Asstt. Engineer, Sheobalak Singh, Security Guard and K. C. Dutta, Engineer, Central Garage. Although R. S. Singh represented to the Enquiry Officer that he would produce Rajender Pandey, Driver as a witness for the management he did not do so for the reason best known

to him. The Enquiry Officer examined Rajender Pandey as an independent witness, and that too after recording the statements of witnesses of both sides.

Shri D. Mukherjee, authorised representative of the union, has made censorious criticism regarding the procedure adopted by the Enquiry Officer in examining Sri Pandey as independent witness.

Shri B. Joshi, learned Advocate for the management, has endeavoured to counter this contention by submitting that it was the duty of the Enquiry Officer to get at the truth and in the process he examined Sri Pandey as an independent witness. Even so, the fact remains that Sri Pandey was examined after the statements of witnesses of both sides were recorded. Hence, it would not be inappropriate to state that he adopted an extraordinary procedure by recording the statements of this witness after the statements of all the witnesses of the parties were recorded. This is not the normal procedure or practice.

Anyway, the chargesheet does not disclose that S/Shri R. S. Singh, Anil Kumar, and Sheobalak Singh were present at the time when first stage of misconduct was allegedly committed by the concerned workman. Even the evidence of the independent witness Rajender Pandey discloses that after the concerned workman abused him and tried to pull him out of the dumper S/Shri K. C. Dutta and Sheobalak Singh came to the spot. This being so, these witnesses, namely, R. S. Singh, Anil Kumar and Sheobalak Singh were not present at the time when first stage of misconduct was allegedly committed by the concerned workman.

Shri Singh has stated that the concerned workman was shouting "SALA MADAR CHOD TUM BAHAR AAO OUR GARI KO DHAKKA DO", and tried to pull Sri Pandey out of the dumper and had Pandey not been alert he would have fallen outside the vehicle. But Shri Singh seems to have over-done himself by stating that had Pandey not been alert he would have fallen out of the vehicle, for Pandey did not even stated so in his statement before the Enquiry Officer. Sri Anil Kumar has given different version regarding the abusive language used by the concerned workman to Sri Pandey. He has stated that the concerned workman abused Sri Pandey by stating "SALA NEECHO UTARO, GARI KO DHAKKA DO". Shri Kumar has not stated that had not Sri Pandey been alert he would have fallen outside the vehicle when the concerned workman was pulling him. Sheobalak Singh has gone a step further and stated that the concerned workman started abusing Sri Pandey and that he also threatened Sri Pandey and had Sri Pandey got down, he would have certainly been assaulted by the concerned workman. Sri K. C. Dutta, who, as per chargesheet, was present at the time of occurrence, has simply stated that the concerned workman abused Sri Pandey. He has stated that the concerned workman was not in the proper condition and appeared to be drunk. He has not stated that the concerned workman tried to pull Sri Pandey out of the dumper. Thus, it is seen that there is much significant inconsistency in the evidence of the witness for the management and the independent witness in regard to the abusive language used to Sri Pandey and his attempted act to pull out Sri Pandey from dumper and also threatened him. It appears from the evidence of Sri K. C. Dutta that the concerned workman took the van out of the garage by pushing. It appears from the evidence of Vishwanath, witness for the complainant, that Sri K. C. Dutta went with them to the Van, get the concerned workman out of the van and then they pushed the van inside the garage. It is established by the evidence that the van went out of order and it was pushed inside the garage after the occurrence. It is worthwhile to mention here that the alleged occurrence took place when the concerned workman parked the van in the middle of the road in the vicinity of the Central garage main gate and Sri Pandey, Driver of the dumper, blew horn from behind. In the context of this fact, as per the statement of Sri Pandey, when he blew horn the concerned workman started the vehicle which moved a little forward and stopped and then the concerned workman came up to him and said "Sala Gari Thel do". "Sala" is a word commonly used by the workmen amongst themselves and nobody hardly takes it seriously. Hence, ignoring the language as it should be done in the circumstances the concerned workman asked Sri Pandey simply to push the vehicle. That being so, it cannot be held that the

concerned workman indulged in misconduct of riotous and indecent behaviour towards Sri Pandey.

12. Shri R. S. Singh has stated that on that date about 12.30 p.m. when he was dialing the doctor's number the concerned workman came up to him and shouted saying "SALA MADAR CHOD TUM HAMARA MEDICAL KARAOGHE, TUMHAMARA JHANT NAHI UKHAR LOGE" Sri Anil Kumar and other witnesses for the management have stated that the concerned workman abused Sri Singh in filthy language. Sri Rajender Pandey, the independent witness has not corroborated them.

In his explanation to the chargesheet the concerned workman has stated that he was suffering from mental disease and was undergoing treatment at first as an out-door patient and later when his condition aggravated as indoor patient at Ranchi Mansik Arogyasala Kanke. He submitted a sheaf of documents (prescription and certificates) to establish that he underwent treatment in Ranhi Mansik Arogyasala Kanke from 24-9-87 to 5-1-89 and that he was admitted in the said hospital on 24-9-87 and discharged on 5-10-87. The Enquiry Officer has disbelieved these documents on the ground that they were not signed by the concerned workman. The reason for discarding these documents is really confounding. There is no justification to discard these documents simply because they are not signed by the concerned workman. Had he any doubt the Enquiry Officer could have called upon the concerned workman to produce witness from the hospital. Then again, the Enquiry Officer has stated that the concerned workman could not account for his absence from 17-9-87 to 24-9-87. This is a travesty of fact because the concerned workman stated in the domestic enquiry that he was taking medical treatment for mental problem from 24-7-87 and 17-9-87 he took the van out of the Workshop gate by pushing it, but when he reached outside, the vehicle stopped again and thereafter his condition deteriorated and he did not remember what happened subsequently and about 10-15 days later he found himself in mental hospital, Ranchi. It has been complained that the concerned workman did not undergo treatment in the hospital of the management. It is not obligatory on the part of a workman to undergo treatment in the hospital of his employer. That apart, there is no solid evidence to indicate that the hospital of the management provides treatment to mental patient.

13. Upon consideration of evidence on record and the circumstances, I am of the opinion that it has not been proved beyond suspicion that the concerned workman abused Shri R. S. Singh in filthy language. Assuming that he had done so, he did not at a time when he was suffering from mental ailment. So any misconduct committed in such a mental condition must be understood in its proper perspective and for this punishment of dismissal from service, in my view, is palpably unjustified and disproportionate to the misconduct committed by the delinquent workman.

14. Shri B. Joshi, learned Advocate for the management, has contended that the conduct of the concerned workman was subversive of discipline and hence the punishment of dismissal from service is justified. The evidence on record does not indicate that the discipline in the establishment of the management was disturbed by the action of the concerned workman. It was simply a solitary incident which made no ripple in the industrial relationship existing between the employer and the workman.

15. Upon consideration of evidence on record, I come to the conclusion that the action of the management in awarding punishment of dismissal of the concerned workman from service is not justified.

16. Accordingly, the following award is rendered—the action of the management of M/s. TISCO Ltd., P.O. Jamadoba, District Dhanbad, in dismissing Harilal Gope, Driver, is not justified and the punishment of his dismissal from service is hereby set aside. The management is directed to reinstate him in service and to pay him full back wages with effect from the date of his dismissal from service till he is allowed to resume his duty within one month from the date of publication of the award. The concerned workman is also directed to report for duty within that period.

In the circumstances of the case, I award no cost.

PETITION FOR COMPROMISE

The humble petition on behalf of the parties of the above reference most respectfully sheweth;

(1) That the above dispute has been amicably settled between the parties on the following terms:

TERMS OF SETTLEMENT

(a) That it has been agreed to by the parties that a joint petition before the Central Government Industrial Tribunal would be filed praying the adjudication authority to pass a "No Dispute Award" in Reference No. 60 of 1991.

(b) That it has been agreed to by the parties that Shri Ambika Prasad who actually worked for more than 240 days in 12 consecutive months will be taken into employment in the Bank.

(i) Provided that Shri Ambika Prasad who is taken into employment by the Bank will not claim any back wages or any other benefits for the past period;

(ii) Provided further that such employment is purely prospective in nature and at no point of time Shri Ambika Prasad can claim wages, benefits, etc. whether a notional or real retrospectively;

(iii) Also provided that the settlement will not be cited as a precedent in respect of any pending and/or future cases.

(c) That in terms of the above agreement it had been ascertained that Shri Ambika Prasad involved in Reference No. 60 of 1991 had actually worked for more than 240 days in 12 consecutive months.

(d) That in terms of the above agreement it has been agreed to by the parties concerned to take Shri Ambika Prasad into employment in the Bank subject to the aforementioned conditions.

(e) That it has been agreed to by the parties concerned that Shri Ambika Prasad in clause (d) above, will be taken into employment as Peon-cum-Farrash and he will be governed by the service conditions and other provisions as per the Bipartite settlements and after he is taken into employment, his initial posting will be decided as per the needs and exigencies of the Bank prevailing at the time of deciding his actual posting.

(2) That in view of the above settlement there remains nothing to be adjudicated.

(3) That a memorandum of settlement dated 30th November, 1991 has been arrived at between the Management on behalf of the Employer Bank & the Bihar State Allahabad Bank Employees Union (AIBEA) on behalf of the workmen. A copy of the abovesaid memorandum of settlement is enclosed to this petition & forms a part of the petition.

(4) That the abovesaid memorandum of settlement dated 30th November, 1991 is applicable in this present Reference case No. 60/91 between the Bihar State Allahabad Bank Employees Union (AIBEA) & Allahabad Bank regarding Shri Ambika Prasad. Therefore the Hon'ble Presiding Officer is praved to accept the memorandum of settlement & may be pleased to pass "No Dispute Award".

Under the facts and circumstances stated above, the Hon'ble Tribunal will be graciously pleased to accept the settle-

ment as fair and proper and be pleased to pass the Award in terms of the settlement.

AWARD

By Order No. L-20012/8/91-I.R. (Coal-1), dated, 29th May, 1991, the Central Government in the Ministry of Labour, has, in exercise of the powers conferred by clause (d) of sub-section (1) and sub-section (2-A) of section 10 of the Industrial Disputes Act, 1947, referred the following dispute for adjudication to this Tribunal:

“Whether the action of the management of Simlabahal Colliery under Bhalgora Area of M/s. BCCL in dismissing from services of Shri Lab Kush Singh, Assistant Cap Lamp incharge with effect from 24th April, 1990 is justified. If not, to what relief the workman is entitled ??”

2. The order of reference dated 29th May, 1991 was received in the office of this Tribunal on 18th June, 1991. The present industrial dispute was raised by Joint General Secretary, Janta Mazdoor Sangh, Dhanbad.

Shri B. N. Sharma, Joint General Secretary of the sponsoring union, appeared on 19th August, 1991 and prayed for adjournment of the case for filing written statement which was allowed. But since then although as many as five adjournments have been given, Shri Sharma has not filed statement of claim on behalf of the concerned workman nor has the concerned workman appeared before me. Ultimately on 4th February, 1992 Shri Sharma was constrained to file a petition stating that the concerned workman had lost complete interest in proceeding with the dispute and hence a ‘no dispute’ award may be passed..

Accordingly, I am constrained to pass ‘no dispute award’ in the present industrial dispute.

This is my award.

ANNEXURE

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL (NO. 2) AT DHANBAD

In the matter of an industrial dispute under Section 10(1)(d)
of the I.D. Act, 1947

sons concerned and therefore there can be no industrial dispute between such persons and this management.

4. The management stated that one Shri Sarda Pal was entrusted with the job of contractor in Gopalichak colliery since 1980 and after he left the contract the same was given to Shri Mahesh Prasad and only 8 persons referred in the Annexure to the reference worked under him. It was stated that Shri Khiru Paswan, Sudarsan Ram, Istak Hussain and Ajmal Khan did neither exist nor worked at all.

5. The management placed work order to these contractors for doing some odd jobs like cleaning, ash cutting and working in fire area which are casual intermittent job. Again it was submitted that it was the contractor who used to submit his bills for the work done by them and the management used to pay their bills. It was the responsibility of the contractors to make payment of the wages to their workers. In this view of the matter it has been stated that the concerned workmen are not entitled to be regularised.

6. On the basis of the W.S. filed by both the sides the question for consideration would be as to whether the concerned workmen deserve to be regularised or not.

7. At the very outset it may be pertinent to mention that during the pendency of the reference the management entered into negotiation with the sponsoring union namely Bihar Mines Lal Jhanda Mines Mazdoor Union and a settlement was arrived at on 12-2-87 as per annexure A of the rejoinder and the management and 7 workmen out of 13 were regularised for they had put in 190 days of attendance. These workmen are Shri Indrajeet Rabidas, Mahesh Prasad Inderjeet Harizan, Judagir Rabidas, Ganesh Ram, Dwarik Bhuiyan and Khajuddin Khan. The rest 6 persons namely Shri Visundhari Bhuiyan, Nasir Ansari, Khiru Paswan, Sudarsan Ram, Istak Hussain, Ajmal Khan could not be regularised on the ground that they had not put in qualifying attendance in the relevant period. The photo copy of the settlement has been marked Ext. W-2. Now in the back ground of this settlement we will consider the case of only 6 workmen as named above.

8. According to the management the concerned workmen were contractor labour but the workmen claim to be cooperative mazdoor. However, the management admits that Shri Mahesh Prasad was one of the contractor. At this stage I may refer to the document (Ext. W-3 series) wherein Mahesh Pd. Singh has been shown as Cooperative Man. These are the work orders which were issued by the Agent/Area Civil Manager. This will prove that the concerned workmen were cooperative Mazdoor working under Mahesh Prasad, Gang Leader.

9. The concerned workmen claim to be doing perennial nature of job as disclosed under para 5(e) of the W.S. However, the management has denied and stated that they had been doing casual and intermittent job like cleaning, ash cutting, cleaning sand and working in fire area. Firstly the management stated that the four concerned workmen namely Shri Khiru Paswan, Sudarsan Ram, Istak Hussain and Ajmal Khan did neither exist nor they worked at all. But in order to meet this point I may again refer back to Ext. W-2 which will show that these persons very much existed in flesh and blood and their names figured. But they could not be considered for employment for the simple reason that they had not put in qualifying attendance for their regularisation. This document further suggests that they definitely performed duty but in the estimation of the management it was not sufficient to qualify them for employment. I would like to refer Ext. W-4 which is a photo copy of the Attendance Sheet for the month of May, 1981. This will show that Bisundharji Bhuiyan the concerned workman had worked for 9 days. Similarly Nasir Ansari, Sudarshan Ram, Istak Hussain had worked for 10, 12 and 3 days respectively. This also shows that they had worked and had been working in the Mine. Certainly the name of Khiru Paswan and Ajmal Khan did not figure under Ext. W-4. But as per Ext. W-2 these two persons had also worked although the days were not qualifying for regularisation. The learned counsel for the management at this stage urged that WW-1 Dwarika Bhuiyan and WW-2 Ganesh Ram were signatories to the settlement (Ext. W-2) and they had agreed that the remaining concerned workmen did not qualify for their employment and in that view of the matter they cannot be permitted to state and plead their case before this Tribunal. The Government of India, Ministry of Labour and Rehabilitation in exercise of the powers conferred on them under Section 100(1)(d) of the I.D. Act, 1947 had referred the following dispute to the Central Government Industrial Tribunal No. 1, Dhanbad, vide Ministry's Order No. L-20012(345)/82-D.III(A), dated the 11th/24th July, 1983. Subsequently vide Ministry's Order No. L-20025(9)/85-D.III(A), dated the 18th August, 1984 the said dispute was transferred to this Tribunal and the same is registered as Reference No. 309 of 1986.

ANNEXURE

Sl. No. Name of workman

1. Shri Indrajeet Rabidas.
2. Shri Mahesh Prasad.
3. Shri Indrajeet Harijan.
4. Shri Judagir Rabidas.
5. Shri Ganesh Ram.
6. Shri Dwarik Bhuiyan.
7. Shri Visundhari Bhuiyan.
8. Shri Khajauddin Khan.
9. Shri Nasir Ansari.
10. Shri Khiru Paswan.
11. Shri Sudarsan Ram.
12. Shri Istak Hussain.
13. Shri Ajmal Khan.

2. 13 concerned workmen as per Annexure of the reference order are demanding their departmentalisation in Gopalichak Colliery of M/s. BCCL on the ground that they have always been engaged by the management to discharge perennial nature of underground job. The workmen stated that they discharge their assigned duties continuously both under the mines and on surface very efficiently. They claim to have been performing perennial job like stone cutting, lime packing, stowing, pump operating and explosive handling etc. They denied to have rendered their services under any contractor and accordingly they stated that they are not contractor labour. According to them they have been doing their job in the colliery under the leadership of Shri Sarda Pal and Indrajeet Rabidas who were not contractors. They claim themselves as cooperative mazdoors. Lastly they perform their job under one Shri Mahesh Prasad the head man of the cooperative gang. They also claim to have been receiving their salary on payment counter like other regular employers and they have also been getting other welfare facilities such as coal for domestic purpose, quarters accommodation, electric and water supply by the management.

3. However the management has completely denied the claims of the workmen. According to the management there is no industrial dispute in the eve of law in as much as no demand was made nor any dispute was raised by the persons concerned or the sponsoring union. They also deny the relationship of employer and employee. The management stated that there was no community of interest between the workmen of Gopalichak Colliery of the management and the per-

tion raised by the learned counsel appears to have got substance and force. No doubt from the papers as referred to above it is clear that 6 concerned workmen had been working but they did not qualify for their regularisation. The settlement was signed by 7 concerned workmen, the leader of the union and the representative of the management. If there was anything wrong about the attendance of 6 concerned workmen then the signatories to the settlement should have raised objection but there is nothing to show that they had ever raised any such objection.

10. Be that as it may in my opinion this point could have been met very clearly had the management produced and proved the attendance Register (Form-C) as provided under Section 48(4) of the Mines Act and Rules 78 of the Mines Rules, 1955 because this document must be with the management. The workmen are not supposed to maintain their attendance. At this very stage I would like to refer the evidences of WW-1 and WW-2. WW-1 Dwarika Bhuria is one of the concerned workman and he had also signed the papers of settlement. He has stated that during the pendency of the reference 7 workmen out of 13 have already been regularised. In cross-examination he has stated that Sudarsan Ram and Ajmal Khan had worked for 2 to 3 days but this assertion appears to have been falsified by Ext. W-4. It will show that Sudarshan Ram had actually worked for 12 days only in the month of May, 1981. The witness has stated that all underground workers are provided with helmet belt etc. WW-2 Ganesh Ram has stated that six remaining concerned workmen have also been doing permanent job and therefore they also deserve to be regularised. In my opinion only doing permanent nature of job is not sufficient for regularisation. A workman is required to perform at least 190 days duty in a year in case of underground workers and 240 days in case of work on surface.

11. I would like to refer some other important documents which will definitely decide the nature of the job performed by the concerned workman. Ext. W-1 series are the papers showing that the concerned workmen were issued belt, cap lamp before going for underground work. Ext. W-1/1 will show that Shri Nasir Ansari was issued one belt and one cap on 15th/16th March, 1983. Similarly Ext. W-1/3, W-1/13 and W-1/14 will show that Bishundhuri Bhuria one of the concerned workman was issued with helmet, cap on 15th March, 1983 and 22nd December, 1983. Ext. W-1/23 and onwards are the papers concerning Istak Hussain who had been issued helmet belt shoe and similar type of other materials for underground work. Atleast these documents show that they had been supplied necessary materials before going for underground work as provided under the Act. Again Ext. W-3 series are the work order which will show the nature of job performed by the concerned workmen. Definitely most of the jobs as disclosed from the documents were of transportation and cleaning type but still there were works giving character of permanent nature. For Example Ext. W-3, W-4 is the work order for line packing with underground materials. Ext. W-3/10 is a work order regarding Misc. work at fire area near Kirkend Bazar water tank for boring machine with drill machine at Gop. fire area and gallery packing with earth and water and other etc. job. Ext. W-3/11 is a work order for sampling coal from depot to 2 Pit/M. Boiler. Ext. W-3/12 is a work order for Tyndal job. There are similar types of other jobs also which will show that it was not only a cleaning job rather some other type of job giving the character of permanent nature. Thus from these documents it is also evident that the concerned workmen under the leadership of Shri Mahesh Prasad had been discharging permanent type of job also.

12. On the basis of the discussions made above I have come to the conclusion that six concerned workmen out of 13 had been doing the underground work in Gopalichak colliery but there is nothing to show that they had put in qualifying attendance of 190 days for their regularisation. At least there is document (Ext. W-2) which will suggest that other concerned workmen who are signatories to the settlement, had impliedly agreed to the terms of the settlement but in these hard days it is very difficult to keep the concerned workmen out of their job and specially when they had been doing underground job. In the circumstances I would suggest that six concerned workmen as named above out of 13 should be engaged as badli miner/loader and after completion of their 190/240 days attendance in a year their

case for regularisation will be considered by the management. The management is thus directed to engage them as badli miner/loader within one month from the date of publication of the Award and to regularise them in due course as directed above.

The Govt. of India, Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I.D. Act., 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-20012(202)/85-D.III(A), dated, the 20th January, 1986.

SCHEDULE

"Whether the action of the management of Katras Chotidih Colliery of Area No. IV of M/s Bharat Coking Coal Limited in denying protection of ground wages to the workmen listed in the annexure below on their conversion from piece-rated to time-rated job, is justified? If not, to what relief these workmen are entitled?"

21. Shrie Dusadh.

2. The concerned workman as per annexure of the reference have claimed protection of wages on their conversion from piece rated to time rated job. Admittedly, they were employed in piece rated job as Miner/loader but the management as per their requirement drafted the services of the concerned workmen for time rated job. However it was denied that the concerned workmen approached the management for time rated job on account of their advance age disease or disability. The management fixed up new basic wages at a rate lower than their previous piece rated basic wages as Miner/loader and thus the protection of their wages was denied illegally. It was also stated that the matter was ultimately discussed in the Area Consultative Committee which was neither unanimous nor acceptable to the union.

3. The management has filed W.S. and submitted that their group wages for piece rated workers have been fixed according to physical energy required for performance of manual jobs. The highest group wages have been fixed to those workmen who cut and load stones and then to those who cut and load coal. The time rated job have been divided according to skill required for particular job and are higher in nature than piece rated job.

4. It was further contended through the W.S. that the workers used to approach the management on account of advance age or contesting certain disease to provide them time rated job of higher nature. The principle of equal pay for equal work was accepted and as per vacancies the workmen were provided with time rated jobs. It was made clear to all the concerned workmen and the union that the piece rated workmen would be given the wages of their appropriate category on which they would be regularised and they should not claim for protection of their group wages. The union as well as the concerned workmen accepted the category wages and they were accordingly regularised in time rated jobs. The principle so adopted was subsequently endorsed by all the union in the Area Consultative Committee. It was stated that the conversion of the piece rated workers to time rated jobs was not a solitary instance but was involved in large number of workers and therefore it would not have been practicable had the union demanded for protection of group wages. No management will pay higher wage to the workmen during light type of job and in this way the principle of equal pay for equal work will be adversely affected.

5. The management submitted that a piece rated miner has to work hard manual job from the very beginning till his retirement or till he leave the job on account of his physical disability. While giving parawise reply the management stated that the concerned workmen were piece rated miners/loader and on their request they were given time rated light job in the year 1979-80. In the circumstances it has been stated that the concerned workmen are not entitled to the relief prayer for or any other relief.

6. The only point for consideration is as to whether the concerned workmen are entitled for protection of wages on their conversion from piece rated to time rated job.

7. At the very outset I would like to mention that the learned counsel for the workmen appeared and contested the case during the course of the hearing. However, he declined to examine any witness in support of the contention of the concerned workmen. The case was posted for argument on 15-1-92 but on that day the learned counsel for the workmen did not appear. Again it was adjourned to 7-2-92. But none appeared for the workmen and ultimately the argument was heard ex parte.

8. The management examined one Shri S. N. Verma, Manager, Katras Choitidih colliery. He stated that in Katras Choitidih colliery there are piece rated workers who had to discharge hard and manual job. There are time rated workers also and their jobs depend upon their own skill. They are given Cat. I to Cat. IV wages and that all depend upon their skill. The witness further stated that the piece rated workers in case of their illness or on account of their old age pray for their conversion to time rated job and the management after having considered their case sympathetically provides such job to them. According to him the concerned workmen were regularised in time rated jobs according to the policy decision taken in the Area consultative committee. The photo copy of the minutes of discussion of the Area consultative Committee has been marked Ext. M-1. At this very stage I would like to refer the document. It is minutes of discussion of the Area Consultative Committee dated 19-12-81 consisting of the management of the different union. Para-3 of the document deals with the fixation of the basic wage of the workmen who are working in the time rated jobs and were originally working in piece rated jobs. It appears that on 28-12-81 the meeting of the consultative committee was again held and the norms for fixation of the basic wage of the workmen working on time rated jobs was decided. The decision of the said consultative committee is contained in sub-para (i) and (ii) of para-3. It also transpires that one of the representative of the Union namely Shri Basishtha Narain Singh, Area Secretary of R.C.M.S. was not agreeable to the decision and as such the management was given full powers to give its own decision. Thus from the document it is crystal clear that the Area Consultative Committee had taken almost final decision in the matter and none of the workmen had ever raised any grievance nor they had filed any protest petition against the decision taken by the Committee.

9. Ext. M-2 is the letter written by the Dy. Personnel Manager to the Agent, Katras Choitidih Colliery showing that the General Manager, Katras Area had agreed to approve the revised basic pay of the workmen as per decision of the area consultative Committee and the Agent of the colliery was requested to implement the revised basic pay in the year 1982 without any arrears of wages. Thus it is clear that the management had fixed basic wages of the concerned workmen on the basis of decision taken by the Area consultative committee and I feel the said decision now cannot be changed when the concerned workmen had already accepted the basic wages and specially when there was no protest against the said fixation. Ext. M-3 is the office order dated 19-11-82 containing the names of the 123 workmen including the most of the concerned workmen. By the said Office order the basic wages of the concerned workmen and others who are converted from different piece rated jobs to time rated jobs were revised. The learned counsel for the management while making submission contended that piece rated workmen working in the Coal Mines generally prefer to be in time rated jobs as their wages is almost assured but the same is not in respect of piece rated workers. If the piece rated workmen do not keep good health it is difficult to earn even their minimum wages of piece rated workmen and when they do not work they do not get any wages. In the circumstances the workmen prefer to be in time rated jobs. The contention raised by the learned counsel appears to have got force. Nothing has been shown from the side of the concerned workmen that their services had been drafted by the management and they were employed in time rated jobs.

10. In view of the discussion made above I am to hold the view that the concerned workmen are not entitled to the protection of their piece rated wages on their conversion from piece rated to time rated jobs.

In the result, I hold that the action of the management of Katras Choitulih Colliery of Area No. IV of M/s. Bhunat Coking Coal Limited in denying protection of group wages to the workmen listed in the Annexure below, on their conversion from piece rated to time rated job, is justified? Consequently these workmen are not entitled to any relief.

This is my Award.

AWARD

The Government of India, Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I.D. Act, 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-24011(13)/81-D.IV(B), dated, the 30th March, 1982.

SCHEDULE

“Whether the demand of the workmen of various establishments (as shown in annexure) for parity in wages with Coal Mining Employees is justified? If so, to what relief are the workmen concerned entitled?”

2. All the workmen of various establishment as per annexure of the reference are demanding their wages at par with

the wages of the employees engaged in Coal Mining Industry. They have stated that the management employed different category of unskilled, semi skilled and skilled workers in the said business who are getting as low as Rs. 5 to 6 per day.

3. The similar nature of the job are also done in Coal Mining Industries in the nearby area and in those establishments wage rate for similar nature of job have been fixed on industrywise basis. It was stated that the concerned workmen are not only paid the low rate of wage but they are also not paid any financial or other benefits as are being paid to the workers in the Coal Mines. They claim that they are entitled to bonus annually with pay, medical leave and other benefits but the management have been depriving them from all those benefits.

4. The workmen through their trade union raised their grievance before the respective management but all those management have jointly decided to deprive the workmen from their legitimate dues.

5. The workmen having failed to receive justice at the hands of the management an industrial dispute was raised by them before the ALC(C) Hazaribagh which ultimately ended in failure and thereafter this reference was made to this Tribunal.

6. All the establishment have joined their hands together and have filed W.S. taking almost the similar stand. It was submitted that private hard coke industries as mentioned in the annexure did not come within the definition of Mine as defined in the Mines Act and on notification has been issued by the Central Government declaring it as controlled industry and as such the reference is without jurisdiction.

7. The workmen of the hard coke industries as shown in the annexure of the order cannot be put in parity in wages with coal mining employees because the hard coke industries and coal mining industries are entirely two different industries. The former does not deal with any mining operation but the later specifically deals with mining operations in the mine. The duties of the workmen in Coal Mines are different rather more hazardous and unhealthy as they are to work underground whereas the employees of the hard coke industries are not required to work under similar circumstances.

8. The wage in Coal Mine Industries are governed by the Wage Board Recommendation and different NCWAs while the wages in hard coke industries are to be governed by the Minimum Wages Act. It was further contended that the private hard coke industries came into existence after nationalisation of Coal Mines and they are dependent mainly on the supply of coal from different nationalised coal mines of India as consumer and has no capacity to pay and put the workmen in parity wages with the employees in coal mining industries. In the circumstances it has been prayed that the workmen do not deserve any consideration of their claim and thus the Award be passed accordingly.

9. Without entering into any argument the learned counsel for the management urged that the Government of Bihar by Notification has fixed up the rate of wages and it has also been implemented and accordingly it was urged that the Award be passed fixing the wage under the minimum wages act. The learned counsel for the workmen concerned agreed that the workers be given wages according to minimum wages act. A photo copy of the Notification No. MW/RC-1040/87 L-F-24 dated 5th April, 1988 has been filed.

10. In the result, the management of the Hard Coke Industries are directed to pay wages to their employees according to the minimum wages act and the Award is accordingly passed.

APPEARANCES :

For Workman—Shri G. P. Gupta.
For Management—Shri A. K. Yadav.

INDUSTRY : Banking DISTRICT : Jabalpur (MP)

Dated the 10th February, 1992

AWARD

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No. I-12012/155/89-D 2(A) dated 18th August, 1989, for adjudication of the following dispute :—

“Whether the action of the management of Bank of Maharashtra in terminating the services of Shri Shyamras Shyamkunwar and not considering him for further employment while recruiting fresh hands under Section 25H of the I.D. Act is justified? If not, to what relief is the workman entitled?”

2. Shri Shyamras Shyamkunwar was an employee of the Bank of Maharashtra at Rajnandgaon Branch. He served the Bank as follows :

Year	Period		No. of days
	From	To	
1982	April	December	126
1983	January	December	154
1984	January	December	125
1985	January	December	149
1986	January	December	116
1987	January	December	92
1988	1-1-88	10-1-88	10
		Total	772 days

His services were terminated with effect from 10-1-1988.

3. According to the workman he was employed in permanent vacancy. As per Shastri Award he was bound to be regularised but instead after taking such a long period of service his services have been determined and other persons have been employed in his

place. He has not been given any retrenchment compensation nor has been considered for re-employment. He is, therefore, entitled to be reinstated with all back wages and consequential benefits. He be treated on service with effect from 8th April, 1982, wages be also paid for the period of Sundays, Holidays and for the breaks given to him illegally without any fault on his part. Costs of the proceedings be also awarded to him.

4. Management has denied the alleged claim. According to the management, the workman has not completed 240 days continuous service. There is no violation of Section 25G or H of the I.D. Act. Termination of the workman is perfectly legal and proper. The ability of the working and accuracy in his performance has no direct relevance or bearing. Reference is liable to be rejected.

5. Reference was the issue in this case.

FINDINGS WITH REASONS :

6. No. document has been filed by either of the parties. The workman examined himself in support of his case. He has not been cross-examined.

7. It is a patent case of miscarriage of justice inasmuch as the workman had worked from 1982 to 1988 though with breaks and may not be for one year's continuous service as envisaged under Section 25-B of the I.D. Act. His termination from service without assigning any reason is obviously gross miscarriage of justice particularly because Shri Arvind Sonar, Shri R. P. Sharma, Shri L. P. Deharia and Shri Balaram Banjari have been appointed, subsequent to his appointment. That apart, Shri Arun Singh Thakur has retired since 21-12-89 and another post of Peon is vacant at Rajnandgaon Branch. The facts of this call for interference in the order of termination of service.

8. The workman is directed to be re-employed but without any back wages with no order as to costs. He shall be deemed to be in service from the date he joins. He would not be entitled to other benefits as claimed by him. Reference is answered accordingly.

AWARD

By Order No. L-20012/321/90-I.R. (Coal-I), dated the 29th May, 1991, the Central Government in the Ministry of Labour, has, in exercise of the powers conferred by clause (d) of sub-section (1) and sub-section (2-A) of section 10 of the Industrial Disputes Act, 1947, referred the following dispute for adjudication to this Tribunal :

"Whether the demand of the union for regularisation of Shri S. Rakshit of Moonidih Project under Moonidih Area of M/s. BCCL in Technical 2 Supervisor Grade 'A' w.e.f. 24-6-1977 is justified? If so, what relief the workman is entitled to?"

2. The order of reference dated 29-5-1991 was received in the office of this Tribunal on 18-6-1991. The present industrial dispute was raised by the Secretary, Bihar Colliery Kamgar Union, Dhanbad.

Shri D. Mukherjee, Secretary of the sponsoring union, appeared on 19-8-1991 and prayed for adjournment of the case for filing written statement which was allowed. But since then although as many as six adjournments have been given, Shri Mukherjee has not filed statement of claim on behalf of the concerned workman nor has the concerned workman appeared before me. Ultimately, today (19-2-1992) Shri D. Mukherjee submits that he is not interested in proceeding with the dispute. Hence, I am constrained to pass a 'no dispute award' in this case.

Accordingly, I pass a 'no dispute award' in the present industrial dispute.

This is my award.

Date : February 7th, 1992

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No. L-14012/2/86-D. II(E) dated 22nd June, 1987, for adjudication of the following dispute :—

"Whether the action of the management of Gun Carriage Factory, Jabalpur, in imposing the penalty of removal from service on Shri Shakti Singh Verma, Ex-Welder, vide order 20-2-84, is justified ? If not, to what relief the workman concerned is entitled ?"

2. Shri Shakti Singh Verma was working as Welder in the Gun Carriage Factory at Jabalpur. He was issued the following charge-sheet on 2nd August, 1983 (Ex. M|1) :—

ANNEXURE—I

Statement of article of charge framed against Shri Shakti Singh Verma, T. No. 876|IE, Welder, FE(C), Gun Carriage Factory, Jabalpur.

ARTICLE OF CHARGE

That the said Shri Shakti Singh Verma, T. No. 876|IE, while functioning as a Welder in FE(C), Gun Carriage Factory, Jabalpur, during the month of July, 1983, committed "Gross Misconduct Attempted theft of Government property."

ANNEXURE—II

Statement of imputation of misconduct or misbehaviour in support of the article of charge framed against Shri Shakti Singh Verma, T. No. 876|IE, Welder, FE(C), Gun Carriage Factory, Jabalpur.

It is alleged that on 29-7-83 at about 6.20 A.M. Sri Shakti Singh Verma, T. No. 876|IE, while mustering out through West Gate on 'LUNA' bearing No. BHV-5722, was apprehended by the Security staff on duty and on rigorous search was found illegally and unauthorisedly in possession of government properties appended below kept concealed under the pillion seat of his 'LUNA' for taking out of the Factory with ulterior motive. This tantamounts to "Gross Misconduct" Attempted theft of Government property.

1. Copper Wire appx. 1/2 Kg.
2. Copper Rings appx. 200 grs.
3. Brass Rod 3|8" dia x 6" long Nos. 2
4. Copper Rods 3|16" dia x 7" long Nos. 3
5. Copper pieces 3 appx. 100 grs.
6. Brass pieces 3 appx. 100 grs.
7. Steel Nuts 2
8. Jute appx. 50 grs.

Enquiry was held against him and his services were terminated vide order dated 20-2-1984.

3. The workman while questioning the validity of the enquiry has stated that he has been falsely implicated by Shri Charan Lal Durban. He has not committed any offence. Since vide Order dated 23-11-1990 I have held that the enquiry is valid I need not go into the pleadings challenging the validity of the enquiry.

4. According to the workman, he is entitled to be reinstated with all back wages and consequential benefits.

5. The management while denying the alleged claim of the workman has averred that the enquiry has been validly held, charges have been validly proved and the workman is not entitled to any relief. Reference is liable to be rejected.

6. Following issues were framed in this case and I have already recorded by findings on Issues No. 1 & 3. Now I proceed to record my findings on the remaining Issues No. 2, 4 & 5:

ISSUES

- (1) Whether the domestic departmental enquiry proper and legal?
- (2) Whether the punishment awarded is proper and legal?
- (3) Whether the management is entitled to lead evidence before this Tribunal?
- (4) Whether the termination action taken against the workman is justified on the facts of the case?
- (5) Relief and costs.

REASONS FOR MY FINDINGS ON ISSUES

No. 2, 4 & 5 :

7. I have gone through the entire D.E. proceedings and the evidence on record. At the outset, I must express my astonishment as to why Lunas or other vehicles are permitted inside the prohibited area where any manipulation can be done out of the mischief. This is the weakest point in this case. Obviously, the alleged seized property was put underneath pillion seat of Luna which could not have been detected from side and they could be detected on vigorous search. Thus anybody can put these articles without the knowledge of the delinquent. No evidence has been led to show that the Luna was safe and nobody could have access to it.

8. If in these contexts the entire evidence is appreciated, we can find many faults in it. It is obviously for this reason that the prosecution witness No. 2 D.T. Shiralkar, Security Assistant, had to admit in answer to Question No. 13 that he cannot deny the possibility of somebody keeping the items in his vehicle due to enmity.

9. This is not the end of the matter. It is true that witnesses have come out to say that the workman had first begged excuse but if that was so, why did he deny the alleged misconduct. That being so, the evidence cannot be given much weight. The workman has admitted that the alleged seized property was recovered from the Luna carried by him from underneath pillion seat. That apart, Shri Charan Lal, had specially requested to be on duty to detect the thief for the particular time and according to the delinquent he bears enmity with the workman. D.T. Shiralkar in Answer to Question No. 5 said that his duty hours started on 29-7-83 at 6 O'Clock and Durbans are detained by the Shift Incharge at the main Gate. This witness could not point out as to how Shri Charan Lal was posted on duty at the relevant time (Answers to Questions No. 4 to 10, 13 & 14).

10. It is true that there is evidence to the effect that the workman had initially confessed his mistake which by implication shows that he had committed the misconduct but in the entire contexts of the case he cannot be punished on this evidence. The worst that can be done is that he shall not be given back wages.

11. I accordingly hold that the action of the management of Gun Carriage Factory, Jabalpur in imposing the penalty of removal from service on Shri Shakti Singh Verma, Ex-Welder, vide Order dated 20-2-84 is not justified. The order of removal from service is liable to be and is accordingly quashed. He is entitled to be reinstated with continuity in service but without any back wages. No order as to costs Award is given accordingly.

AWARD

This is reference made by the Government of India, Ministry of Labour, by its Order No. L-42011/43/89-IR(DU) dated 29-3-1990 for adjudication of the dispute between the Management of Central Research Institute for Dryland Agriculture, Hyderabad and their workmen setting forth the point for adjudication in the schedule appended thereto as follows :

"Whether the action on the part of the Management of CRIDA in not regularising the services of casual workers and not paying them salary allowance and other benefits on par with the Class IV employees of the Farm is justified ? If not to what relief the workmen are entitled to ?"

This reference was registered as I.D. No. 21 of 1990 on the file of this Tribunal. After receiving the notices issued by this Tribunal, both parties put in their appearance and the petitioner filed claim statement on 11-4-1991 and the Respondent filed counter on 20-7-1991.

2. Both parties filed a Joint Memo dt. 10-2-1992 not pressing this industrial dispute. Hence this industrial dispute is closed as not pressed by both the parties.

3. An Award is passed closing the industrial dispute as not pressed by both the parties. The Joint memo filed by both the parties is appended to this Award. There will be no order as to costs.

Dictated to the Stenographer, transcribed by him, corrected by me and given under my hand and the seal of this Tribunal, this the 10th day of February, 1992.

This is a reference made by the Central Government, Ministry of Labour, vide its Notification No. L-40012/66/90-IR(D.U) Dated 31-1-91/4-2-91, for adjudication of the following dispute :—

"Whether the action of the management of D.M.T. Indore in not allowing Shri R. S. Sisodia to cross efficiency bar from 1979 due in 1980 is justified? If not, to what relief the concerned workman is entitled to?"

2. The workman concerned took no interest in the case. He neither put his appearance before this Tribunal nor filed any statement of claim despite several opportunities given to him. It appears that the workman has no interest in prosecuting his case. I, therefore, record a No Dispute Award and make no order as to costs.

AWARD

Dated, the 6th February, 1992

This is a reference made by the Central Government Ministry of Labour, vide its Notification No. L-22012/73/88-D.IV, dated 3-12-1988, for adjudication of the following dispute :-

"Whether the action of the Management of Burhan No. 1 Mines of Burhan Group of Mines of M/s. S.I.C.L. in dismissing their workman Shri Bakhedi, Loader, T. No. 2414, Burhan No. 1 Mines, vide letter No. S.I.C.I/M 1/86/W-10 0530 dated 13-2-1986, is legal and justified ? If not, to what relief the workman is entitled and from what date ?"

2. Shri Bakhedi, Ticket No. 2414, Burhan Mine No. 1, was dismissed from service vide order of the management dated 13-2-1986. The following charge was held proved against him in the departmental enquiry :—

"It has been observed from the records that you are absenting from duties w.c.f. 18-11-1985 without obtaining prior permission. Your attendance for the last three years is as under :—

1982 : 178 days.

1983 : 64 days.

1984 : 44 days.

You had been warned several times in the past also for poor performances and unauthorised habitual absenteeism. But you have not improved your attendance performance. The above act amounts to major misconduct under clause 17(i)(d) of the Standing Order. Clause 17(i)(d) "Habitual late attendance and habitual absence without law on without sufficient cause".

In the past you had been suspended for unauthorised absence from 22-5-85 to 25-6-85 i.e. more than thirty days. As per the clause 17(i) you are liable for termination of services but on humanitarian grounds, you were allowed on duty by completing the enquiry into the charges and the same was confirmed also. But you have not improved your attendance and shows dis-interest in performing your duties. Your attendance performance for the last six months is as under :—

May 85 1 PHD and Sick.

June 85 Sick.

July 85 NIL

August 85 NII.

Sept. 85 15 days attendance + 5 Sick.

Oct. 85 3 days attend. + 3 days leave
+ 3 days Sick.

November Attendance. NII, Sick ; 13 days.

While going through the above performance we have found no alternative but to terminate you from service but the management has taken a lenient view and giving you one more chance that please explain within 48 hours as to why your services shall not be terminated and should you fail to submit your explanation within the stipulated time, it will be presumed that you have no explanation to offer and action will be taken against you as deemed fit."

3. While challenging the validity of the departmental enquiry the workman further averred that the findings are perverse, the punishment is excessive and the workman is entitled to be reinstated with all back wages and consequential benefits. In the alternative, he is entitled to be a lesser punishment.

4. According to the management, the workman was earlier dismissed from service in the year 1981 on the ground of absenteeism. He was again taken back but he continued to remain absent unauthorisedly. He was accordingly charge-sheeted as above after holding valid enquiry his services were terminated. There is no perversely in the findings. The punishment is adequate and the reference is liable to be rejected.

5. In the instant case, the following issues were framed and vide order dated 29-11-1990 this Tribunal came to the conclusion that the enquiry is valid and it is not necessary for the management to lead evidence in relation to the misconduct of the workman before this Tribunal. Accordingly Issues No. 1 and 3 were answered. For the above reasons I am not dealing with the pleading questioning the validity of the departmental enquiry in this Award. Issues No. 2, 4 and 5 remain to be answered.

ISSUES

1. Whether the domestic/departmental enquiry is proper and legal ?
2. Whether the punishment awarded is proper and legal ?
3. Whether the management is entitled to lead evidence before this Tribunal ?
4. Whether the termination/action taken against the workman is justified on the facts of the case ?
5. Relief and costs ?

REASONS FOR MY FINDINGS :

6. Issues No. 2, 4 and 5—Management has proved 14 documents, Ex. M/1 to Ex. M/14 and the workman proved 19 documents, Ex. W/1 to Ex. W/19. I will only deal with the relevant documents.

7. No evidence has been led by either party.

8. It is evident that the workman has substantially not challenged the fact that he was absent during the aforesaid periods. According to him, he was sick from 26-10-1985 to 16-11-1985 and from 26-11-1985 to 6-12-1985. He was absent during 17-11-1985 to 25-11-1985 because he was not allowed to resume duties.

9. The workman has filed various documents to show that he was sick, during the period as shown by him as can be gathered from Ex. W/11 to Ex. W/17. He had made a prayer accordingly as per Ex. W/10, according to which the workman was sick from 26-11-85 to 6-12-1985 and he was found fit for duty from 7-12-1985, but he was not allowed to join duty. This letter is dated 21-1-1986.

10. Keeping all these facts in mind, I am of the view that though it cannot be said that the enquiry is perverse because there is no evidence in support of the application Ex. W/10 and remaining facts are undisputed, but at the same time, the facts of this case do not call for punishment of dismissal from service even assuming that as per Ex. M/11 (5 warnings) he was repeatedly warned for his habitual absenteeism. It would be a sufficient punishment if he is reinstated without any back wages with a observation that in case he does not put in satisfactory attendance in future to be kept under observation for a period of one year) he may be suitably dealt with.

11. Reference is accordingly answered as follows :—

The action of the management in dismissing their workman, Shri Bakhedi, Loader, T. No. 2414, Burhar No. 1 Mines, vide order dated 13-2-1986 is though legal but not justified in the facts and circumstances of this case. The order of dismissal is quashed and the workman is reinstated without any back wages. His period of absence shall be treated as 'dies non.' His reinstatement would be conditional that he will be observation for a period of one year to secure satisfactory attendance. No order as to costs.

ANNEXURE A

BEFORE THE CENTRAL GOVT. INDUSTRIAL TRIBUNAL, 20, ABDUL HAMID STREET, CALCUTTA
Ref. Case No. 29 of 1984

PARTIES:

Employers in relation to the Management of Madhusudanpur Colliery, Kajora Area.
AND

Their Workmen (Salim Mia) represented by Colliery Mazdoor Union (INTUC) of Cinema Road, Ukhra, Dist. Burdwan.

The Employers and the Union jointly beg to submit:-

1. That the industrial dispute which is the subject matter of the above reference case has been agreed to be settled by the parties mutually on the following terms:-

Terms

2. That the Employers have agreed to reinstate the workman named in the reference, on the proper identification, in his previous employment (Mason Mazdoor) with his present rate of wages which have become payable to the persons belonging to his category of service from the date of his resumption.

3. That the Union Workman will not be entitled to claim nor they will claim any arrears wages in any form for the period of non-employment of the concerned workman i.e. from 21-11-80 to the date of his resumption. The Union Workman admits that the workman was on leave from 13-5-1975 to 29-5-1975 and thereafter he could not attend his duties upto 20-11-80.

But the Employers have agreed to take into consideration the said period for the purpose of computation of his gratuity.

4. That before reinstatement the age of said workman will be assessed by a Medical Officer of the Company Employer fully in accordance with the medical jurisprudence and the age so assessed will be treated as final and binding on the parties.

5. That the workman/Union will not be entitled to raise any other dispute or make any other claim for payment at any financial benefit in any form for the period of his non-employment.

6. That the parties will bear the respective cost of reference.

Pag No. 2

7. That the age of the Concerned workman shall be determined by Apex Medical Board of Company before resumption of duty and he should be properly identified by Management.

In the circumstances, the parties jointly pray that for maintaining industrial relation of the establishment harmonious the Hon'ble be pleased to accord its approval allowing the parties to settle the dispute on the aforesaid terms and to pass an Award by treating the settlement as part thereof.

JUDGEMENT

1. The present reference was entrusted to the Industrial Tribunal at Ahmedabad, for adjudication of the industrial dispute between the parties, under the Industrial Disputes Act, 1947, as per its Section 10(1)(Gh) and Sub-section (2-A) which will hereinafter be referred to as the Act of 1947, vide order No. L-12012/77/89-IR (B-1) dated 10-1-90 of the Government of India, Labour Ministry.

2. The industrial dispute between the parties which is to be adjudicated is such that whether the action of the 1st party in dispensing with the service of Shri Sumankumar Ramchandra Parmar, who was working as messenger-cum-peon, from 1-8-88, without following the provisions of Section 25-F, is proper and if no, then to what relief the concerned workman is entitled ?

3. The facts of the case are such that, as stated by the concerned workman, he had been working as messenger-cum-peon at the Pilucha branch of the 1st party Bank from 11-1-86, but on 1-8-88 he has been terminated from service, without any prior intimation or payment of compensation. And thereafter, Virabhai Govabhai Makwana has been engaged on the said post. The concerned employee had made an application to the Labour Commissioner, Central, that he was thus meted out injustice, thereupon as stated above, the present has been made to adjudicate whether the said demand is proper or not.

4. A notice was issued to the effect that the said reference was made and it was served on the concerned employee. Yet he did not remain present. Therefore, the reference was cancelled, on 16-3-90, deciding that the concerned employee is not interested in his demand. Thereafter, the concerned employee made an application by lodging a miscellaneous application No. 5/90 and requesting to take the matter of the said reference on the file again, which was accepted. And, thereafter the present reference was taken on the file again. Thereafter, the concerned employee had submitted the statement of his demands vide Exh. 4 and stated that he was engaged as the messenger-cum-peon. He was carrying out his work well. Yet, he has been terminated from service from 1-8-88 without giving any prior notice, without payment of any type of compensation or without holding any departmental enquiry. And Virabhai Govabhai Makwana has been engaged in his place, who has never worked before in a bank. And thus, Section 25-F of the Act of 1947 has been infringed. As such, because the action of terminating him from service is illegal, he should be reinstated in service with full back wages.

5. The Bank has submitted the written reply vide Exh. 7 and stated that the concerned employee was not engaged as messenger-cum-peon but he was engaged as a daily wager on a wage of Rs. 6 per day, for doing the work of cleaning the office, and for doing the miscellaneous work such as fetching the drinking water, etc. The said work he had to carry for a short period and thereafter, on engagement of Virabhai Govabhai Makwana as a messenger-cum-peon, his services were terminated as the activity for which he was engaged, was no longer required. As such, he is not entitled to any relief.

6. The concerned employee has examined himself as per Exh. 9, in support of this demand, whereas the first party, Bank, has no submitted any oral evidence. But it relies on certain documentary evidence submitted at Exh. 12 and 13.

7. The submission of the concerned employee is such that he was engaged as messenger-cum-peon, but this fact is denied by the 1st party Bank and has been stated that the concerned employee was engaged as a daily wager for carrying out miscellaneous work, such as cleaning the office and fetching water, etc. And that he was paid by by voucher at Rs. 6 per day, as wages. In his statement, the concerned employee states that he was working during the banking hours and other work was also being expected from him but he accepts that he was paid the wages through voucher, and that the vouchers submitted along with the note at Exh. 13 pertain to his payment. On a perusal of the same it is found that he was paid wages at Rs. 6 per day for miscellaneous work, and the amount was paid through voucher and it is stated that he was engaged for miscellaneous work. But in fact, the work that was extracted from him was that which is extracted from a peon. As such, it should be decided that he was appointed as a peon. It is possible to agree with this submission. The officer of the Pilucha branch is not competent to engage a messenger-cum-peon. He can only engage a person for the miscellaneous work as a daily wager. The concerned employee has not been issued any appointment letter as a messenger-cum-peon. It is possible that he may be doing some other work for the officer of the Bank. But he may be undertaking that work out of

respect. But it cannot be said that the bank has extracted the said work from him. Therefore, it cannot be said that the concerned employee was engaged as messenger-cum-peon and that he was on that post till 1-8-88.

8. It is not a dispute between the parties that the concerned employee has been terminated from the work that he was doing on around 1-8-88 and that the bank has engaged one Shri Virabhai Govabhai Makwana as messenger-cum-peon. The submission of Shri Vasavada is such that the concerned employee ought to have been appointed on that post. But the same has not been done and, therefore, injustice has been done to him. The submission of Shri Majumdar is such that the bank has framed Rules for the persons to be appointed as messenger-cum-peon and a copy of those rules in that regard is attached as a circular with the list at Exh. 12. On a perusal of the said circular, it is found that the Bank that has to work in the principal rural areas has adopted such a standard that the rural people may get encouragement; and, therefore, only such individuals should be appointed for the post of messenger-cum-peon who may have studied upto Std. 8 so that the rural people may be encouraged. The concerned employee has passed the S.S.C. i.e. he has passed matric. As such, it was not possible to appoint him on that post. Therefore, he has not been appointed. In his cross-examination the concerned employee has accepted that he had passed S.S.C. and that he had applied for the post of messenger-cum-peon. But he was not called for the interview. In these circumstances, it cannot be said that the concerned employee has been done injustice. The concerned employee was possessing more qualification than required. Therefore, it was not possible to appoint him. As such, he was not appointed.

9. The submission of Shri Vasavada is such that by the appointment of another person, Section 25-H is infringed. It is not possible to agree to this submission. The concerned employee was not working on the post on which the appointment has been made. Also the bank has not appointed him because he was holding more qualification than the qualification stipulated for that post. Therefore, it cannot be said that the bank has infringed Section 25-H by making the appointment of Virabhai Govabhai.

10. The submission of Shri Majumdar is such that the concerned employee was engaged for miscellaneous work and as he was in fact working as a paid servant, he cannot be reckoned as a bank employee. It is not possible to agree to this submission. An employee doing any type of work in a bank falls within the definition of a bank employee and before terminating them, if they are entitled for retrenchment compensation or notice of retrenchment under Section 25-F, it is necessary that the bank should give the same. In the result, when the bank appointed messenger-cum-peon, there was no need of the concerned employee for the work which he was doing. Yet, the bank ought to have given retrenchment compensation and retrenchment notice under Section 25-F. Before he was terminated, the concerned employee had been working for more than 240 days during the year; as such, he was entitled for retrenchment compensation and retrenchment notice. But as the bank has not paid either of the two. Therefore, the action of terminating can be termed illegal.

11. Relying on these circumstances, the submission of Shri Vasavada is such that the concerned employee should be re-instated in his original post with full back wages. Against this, the submission of Shri Majumdar is such that now that post is not required. As such it will not be proper and in the interest of justice to order re-instatement. But it will be proper to order payment of compensation. In support of his submission, Shri Vasavada relies on the judgement delivered by our High Court in the matter of Gujarat Machine Tools Corporation, which has been published in 1987 First G.L.R. at page 387. In the said judgement, our High Court has so decided, on relying on the judgement of the Supreme Court, that daily wager is included in the definition of an employee or workman. Therefore even the daily wager is entitled to the benefit as per Section 25-H. Relying on this judgement, the submission of Shri Vasavada is such that if the concerned employee can be reckoned as a daily wager and part time employee; even

then he is entitled to be re-instated on that post with full back wage. Because the other employee cannot be appointed on that post for doing the said work. This submission cannot be agreed to. The post on which other employee has been appointed is a full time post. Now there is no post of a part timer in the bank. Therefore, as stated earlier, it cannot be said that Section 25-H has been infringed by making the appointment of Virabhai Govabhai on that post.

12. Now, the question which remains to be decided is that, now the bank does not have a maid-servant. As such, will it be termed proper to order re-instatement of the concerned employee on that very post? Generally, in cases where Section 25-F has been infringed by terminating an employee from service, the order of termination being liable to be cancelled fundamentally, the employee becomes entitled to be reinstated on the original post with full back wages. But the standard cannot be adopted in each case to reinstate the employee in service. And particularly in cases where the post to which the employee is to be reinstated has not remained in existence, if the concerned employee has been terminated with payment of retrenchment compensation and retrenchment notice, the concerned employee could not have raised any dispute. But the bank has taken that the daily wager is not affected by Section 25-F, and has not given any retrenchment notice or paid the retrenchment compensation. In such cases, it will be not of any gain to order re-instatement of such an employee. In such cases, instead of ordering re-instatement, it will be proper that compensation is paid. A judgement of this type has been delivered by the Madras High Court in the matter of Mount Metur Pharmaceuticals Ltd., which has been published in Labour Law Journal, 1985, Vol. II, at page 505—The High Court of Madras has so decided in the aforesaid judgement that if the Labour Court or the Tribunal feels that the retrenchment is being undertaken in good faith then the concerned employee does not become entitled for re-instatement merely on that count. In such cases the concerned employee can be helped even by payment of compensation in lieu of re-instatement. In our case, the situation is almost similar. The post on which the employee was working, is now not required. The bank used to get similar work done separately. But, now that bank has made appointment of a person for the said activity as well as for the other activity on permanent basis. In such circumstances it will not be proper to order re-instatement of the concerned employee. As stated by the concerned employee, he was engaged from 1-11-86 to 1-8-88. As such for almost two years, he has carried on such work. Therefore, before terminating him, if one month's notice was issued or wages were paid in lieu and if retrenchment compensation would have been paid in view of his service of two years, then the concerned employee could not have raised any dispute. An employee who has worked for two years, become entitled to be paid block retrenchment compensation. If all these circumstances are taken into consideration, the interest of justice will be maintained if the 1st party bank is ordered to pay to the concerned employee, two years wages at the rate at which he was drawing the same at the time of his engagement. As a result, the order as under is being passed in this reference.

ORDER

13. The action of the bank of terminating the concerned employee on 1-8-88 without observing the provisions of the Section 25-F, is decided to be illegal. But taking into consideration the extraordinary circumstances, it is not proper to order re-instatement of the concerned employee; but the bank is ordered to pay to the concerned employee two years wages in lieu and is also ordered to pay Rs. 200 as expenses of this reference. The bank shall have to pay the amount of expenses and compensation as such within one month.
